Barbara Swetina is an enthusiastic musician, comes from Vienna, has lived for more than 20 years in the Findhorn community in Scotland and has been teaching international since 1987.

She has the natural gift of inspiring people in a wonderful way for music. Barbara has a rich repertoire of well-known and more unknown songs and dances which can easily be learned without notes.

Through the harmonic vibrations a healing space is created, we dive into the world of the soul, and can again experience ourselves as a human-family. <http://www.sacredsongs.net>
